Any organisation can participate in this competition and it is suitable for all children of all ages.

How much does it cost?

Approximately £700* per design to be made into a professional and re-useable illumination – this is based on a motif size of approximately H:1.50m. Should you require a larger motif the price will be quoted accordingly. Quotations are provided with simulation artwork of the drawing prior to any order being placed.

Name or no name? – see our examples of work

Designs can have the child's name added in rope light to the complete motif if requested, please note that this can alter the overall size depending on the amount of letters required, and in turn will add extra cost to the final design. For the name we use text style **Comic Sans MS**.
